**November 2022 – December 2023**

*Remote*

- Build various API integrations for the platform, using basic, API key,based, and oauth 1.0 and 2.0 as authentication for integrating.
- Create some internal utility tools for their platform using nestjs as backend framework (trained there).

## Achievements/Certifications

- **SIH'23 Winner 🏆 (Smart INDIA hackthon)** of Smart India Hackathon 2023 that is Asia's largest Hackathon.
- **2 ⭐ Star (300 questions solved)** at Codechef . [codechef](#)
- **300+ problems on leetcode solved (language used- Typescript(190) /JAVA(50)).** [leetcode](#)
- **Javascript-Basics** Hackerrank, Online Dec 2021 - Dec 2021
- **C++ Master Course** coding blocks, Online Nov 2021 - Aug 2022
- **The Complete 2021 Web Development Bootcamp** udemy, Online Apr 2021 - May 2021
- **JavaScript Algorithms And DataStructures** FreeCodeCamp, Online Jan 2021 - Apr 2021
- **Responsive Web Design** FreeCodeCamp, Online Dec 2020 - Jan 2021

## Projects

**Digital Visiting card generator** | *ReactJs, Javascript, expressjs, awsS3, aws-ec2, nextjs-13* | [Link](#)

**October 2023**

- ShivID is an application revolutionizing the online presence of small businesses, including shops and gyms, by introducing a dynamic and personalized digital visiting card system.

**Leakit** | *react , redux , rtk query, tailwind css , nodejs, expressjs, mongodb, mongosse* | [Link](#)

**July 2023**

- This is an anonymous forum application like 4chan that is made on mern stack .

**Library management system** | *: reactjs,tailwind , redux, rtk query, mongoose , expressjs* | [Link](#)

**June 2023**

- This is a library management system made using mern stack . Here only admin can register the user. Admin,pass: rawatas0901@gmail.com, tigerisnewboss

**SIH-2023 Winner project/ Software bill of materials (SBOM)** | *MERN , flask, redux* | [Link](#)

**December 2023**

- Worked on backend and some frontend part of the code in SBOM (software bill of material generation) application which was the problem statement given to our team.

## Skills and Interests

**Programming Languages / Paradigms::** Typescript(main), Java(secondary),C/C++, Data Structure Algorithm(DSA)

**Web Development:** HTML, Cascading Style Sheets(CSS), JavaScript(JS), mongodb(mongoose), nodejs(expressjs), nestjs, nextjs-13, SQL(sequalize), ReactJs, material UI, Tailwind-CSS, Git, GitHub, aws-ec2, aws-s3, aws-rds (aws using nodejs aws-sdk).

**CS Fundamentals:** Object-Oriented Programming (OOPs), DBMS, Operating System(OS), Computer Networks(CN) **Non-Technical**

**Skills:**Leadership Capability, Effective Communication, Teamwork, Adaptive Learning.
